

Leadership and Nation-Building in Rwanda

Intros!

About Me!

Law, Economics, and
Public Policy major with a
minor in Human Rights

My Question

Could countries require a
period of autocratic
regime before shifting to
a democracy?

Why?

With family in Palestine, I
wanted to know if there
are ways for the country
to recover after a
genocide

Methods

Site-Visits

Different organizations focused on rebuilding Rwanda

Observing

Looking at local life and interactions between different classes

Questions

Consistently being curious and asking questions to those we met at different organizations

Articles

Reading materials about Rwanda's history and how they developed in the past 30 years

Limitations

- Wasn't able to converse with locals apart from observations and taxi rides
- Educated outside of Rwanda

Future Opportunities

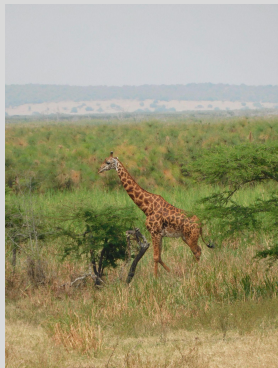

- Stay with a host family
- Study outside of Kigali
- Stay for longer

Importance

- History not culture
- Hope for the future
- Development is possible
- Take some and leave some

Applicability

- Not an abstract concept
- Foreign aid and partnerships
- Cooperation locally
- Nationalism

Thank You!!
